COVENANT LEADERSHIP, LLC

Tools For Navigating Tomorrow's Opportunities

What is your specific objective for my session?

Are there any issues/topics in particular that you think I should discuss during the program?

Key issues to avoid (if any):

Have you any other suggestions to help us make this program your best ever?

What do you consider the primary strengths of your organization/people?

What are some current problems experienced by this group?

What are the most significant events that have occurred in your industry/organization/group during the past year?

What are the top three challenges faced by the people who will be in my audience?

When your people depart from this presentation, what ONE thing do you want to be uppermost in their minds?
